

OCCUPATIONAL HEALTH & SAFETY POLICY

The AMAC Group of Companies is committed to providing all employees and visitors with an environment that is of minimal risk to health and safety. To achieve this AMAC maintain a continuous improvement program through the development of an Occupational Health and Safety Management System to identify and control workplace hazards and thereby minimise risks to employees and other potentially affected parties. AMAC will provide the necessary resources to achieve the objectives of this policy.

Policy Objectives:

- To provide and maintain a safe and healthy workplace, safe plant and equipment and safe systems of work.
- Incorporate risk minimisation as an integral part of the overall business.
- To ensure all managers, supervisors and employees are accountable and responsible for the provision and maintenance of a safe and healthy workplace.
- To involve and consult with employees in realising health and safety objectives.
- To provide all employees with information, instruction and supervision which will enable them to work in a manner which will minimise their risk of injury or illness.
- To observe all statutory and Company regulations in respect to both health and safety.
- To minimise disruption and personal hardship related to occupational injury and illness by the effective use of health promotion and rehabilitation programs.
